

TOP QUALITY, FAST TURN-AROUND, COMPETITIVE PRICES

Pricing (Canadian Dollars) for Standard 0.8" base knives per inch of steel

Depth of Cut	M2 (Solid Wood)	TCT Carbide (For MDF)
up to 1/2"	\$26.95	\$84.00
up to 3/4"	\$29.95	\$84.00

Let's do an example for our knife cutting service.

We'll use a 2 1/4" casing moulding with a 1/2" depth of cut. The knife may measure 3/4" wider than the wood sample (sometimes less - 3/4" wider is the maximum).

$2\text{-}1/4" + 3/4" = 3$ inches of knife steel. $3 \text{ inches} \times \$26.95 \text{ per inch} = \80.85 per knife

Add \$25.00 charge per set of Custom Knives. (Although "rare" we do reserve the right to add extra charges for intricate profiles).

Minimum charge for small profiles is:

Catalogue Patterns . \$57.60 each

Custom Patterns . . . \$57.60 each

Custom knives are made within one full business day.

The industry standard is to not put outside cutting legs or outside cutting edges on the knives. In other words, the knife cuts all of the profile but is not meant to cut a 2-1/2" wide casing out of a 4" wide blank. In some special applications an outside cutting leg may be possible. If you would like outside legs on your knives, then please check with us to see if it is possible for your application, and for pricing.

Corrugated knives are also available. Please specify when ordering.

CK-370 SERIES BACK KNIVES regardless of width - \$19.00 per inch.

Minimum price for back knives - \$39.00
