Belsaw, Craftsman, Craftex, General International 13", Grizzly 13", Jet JPM 13, King, Laguna, Powermatic PM15, RBI, Woodmaster.

profiles up to 1/2" deep = \$21.50 per inch of knife steel

1/2" up to 3/4" deep = \$25.50 per inch of knife steel

### **Knives may be up to ¾" wider than the profile**

Knives cutting a profile deeper than ¾" are available for select machines. Please contact us for pricing.

### **Minimum Charges:**

\$49.50 per stock knife

\$55 per stock profiles over 1/2" deep and/or for knives with any legs

### **Custom Knives:**

\$10 additional flat rate per profile. If you order a set of two or three custom knives of the same profile then you pay just a one time \$10 flat rate for us to generate a digital template.

### **If you need Gibbs & Balances with your knives:**

Gibbs up to 4" wide \$9.00 per gibb. (wider gibbs quoted on request)

\$27.00 per set of 3 gibbs

Balance Kits \$29.95 - for Balance Kits that weight 8.8 oz.(250g) or less per slot.

Knife pricing is determined by both the width of knife blank and depth range of the profile.

The above knives are quote in either European or U.S. made HSS to cut solid woods.

Carbide knife pricing is \$80 per inch.

Add 10% more for 5/16" thick knives. (gibbs and balance kits remain the same price).

Prices are subject to change without notice
