

Can't find an off the shelf router bit?

Our interchangeable
Router Bit Holder (RBH)
may be the solution.

What it does:

- quick turn-around and affordable solution
- for solid wood applications
- great for routers fixed in a table
- offers a wide variety of Tongue and Groove, Decking, and more to fit the Woodmaster Double Router Attachment

What it does NOT do:

- not for MDF and/or composites
- not intended for use in hand held router

Send us a drawing or rough sketch with dimensions of the profile of wood that you need to make. We will promptly send you a quote.
