

# 2011 Table Saw Cutterhead Knives

To fit Sears Craftsman® Table Saw cutterheads and Corob Cutterhead systems. Knives are priced in one of following three categories:

Standard profiles (these are mass produced).....\$21.00 per set of three  
Standard profiles are shown on the back side of this page

Custom Profiles.....\$89.00 per set of three  
Discounts available on volume orders.

Need the cutterhead? We sell the Corob head to fit these table saw cutters. The head is available in two sizes:

**MHK25** 3-5/8" in diameter, .35" thick, and approximately 4-7/8" in diameter with knives installed. Fits many 5/8" arbor table saws  
\$59.00

**MHK75** 5.7" in diameter, .35" thick, and approximately 6.9" in diameter with knives. Intended for table saws that do not crank up high enough to accommodate the smaller diameter MHK 25.  
\$97.00

Each head has a 5/8" bore. Please inquire about other, special bore sizes.
